Checks, Checkwriter Stolen From Newspaper Recovered

Burglars struck Lemon Grove business firms three times last week.

Early Sunday morning a burglar stole the checkwriter and two books of checks from the office of Homeland Publishing Co., publishers of this newspaper. The office is at 7834 Lester Ave., Lemon Grove.

Max Goodwin, the firm's owner who was out of town, returned Sunday evening to find the office ransacked and the drawers of two metal deskes opened. Sheriff's deputies already had a pair in custody when he called to report the burglary.

John Whalen, a sheriff's detective, said that a maid in a downtown hotel had spied some of the stolen checks on the floor of a closet earlier Sunday. She told the manager who called police. San Diego police turned the information over to the sheriff's men who conducted an investigation and found the firm's rear door pried open.

During a stake-out at the hotel police picked up a couple returning to the room. The female had nearly 100 completed checks hidden in her panties. Most of the checks were for $194.57.

Sheriff's Detective Whalen told Goodwin that most of the checks and the check writer

Settle Sees 24-Hour Service For Sheriff's Sub-Stations

Nominee L. C. Settle recently proposed 24-hour staffing of sheriff's substations throughout the county as a major platform measure in his campaign for sheriff.

Settle, a longtime San Diego County law enforcement and civic official, seeks to replace Sheriff Joe O'Connor in the June 7 primary or at least force a runoff in the November general election.

"County residents have to call San Diego for help in an emergency except during daytime business hours," Settle said. "Statistics show that more crimes are committed at night —and that's when the substations are closed."

Settle said the cost of manning offices at Vista, El Cajon, Encinitas, Fallbrook and Escondido should be more than justified by the greater-faster service to county residents.

"If a person were being attacked or robbed in downtown Vista tonight and he ran to the sheriff's substation, all he would find would be a dark office," Settle said. "There should be an officer there at all times."

The Sheriff's office has installed some leased lines for county residents to use in calling the San Diego office, but these numbers often have been unlisted or changed after publication, Settle added.

"When a person needs an officer, it's always an emergency. He hasn't the time to fuss around with leased phone lines to call the San Diego office 50, 60 or 70 miles away."

Suspect Escapes

Daniel Ray Scott, being held in San Diego City Jail awaiting formal charges for burglary and forgery in connection with the burglary of the newspaper office, broke jail shortly after noon Wednesday.

Study To Be Made On Army Examination Center Due To LG Man's Letter

A letter from a Lemon Grove man to Congressman Lionel Van Deerlin has helped bring about the decision of the United States Army to consider the feasibility of establishing an Armed Forces Examining and Entrance Station in the San Diego area.

William J. Woodard of 1786 Colfax Dr. wrote a letter March 3 to Van Deerlin, in part, asking why the policy of sending San Diego youths to Los Angeles for examination and induction was continued when San Diego's population warranted its own facilities.

Van Deerlin, in turn, put in a request to the U. S. Army that a study be made of the possibilities of the opening of a San Diego examining entrance center.

Over 2,000

The Army disclosed that during January and February of this year, Selective Service in San Diego sent 2,424 persons to the Los Angeles processing station.

Checking this figure against workloads of all other processing stations in the nation, Van Deerlin noted that 18 stations processed fewer recruits than were sent from San Diego to Los Angeles. There are 70 stations nationwide.

Transportation and billeting costs for the 2,424 persons sent from San Diego to Los Angeles totalled $11,505. The government paid this sum to a charter bus company and to a hotel corporation.

Economic Gain

In his letter, Woodard cited "the economic gain to Los Angeles through this procedure and the loss to San Diego."

In a letter to the Department of the Army on April 2, Van Deerlin pointed out that "with the increasing buildup of our armed forces, the present system of sending recruits to Los Angeles for processing could become a serious irritant to a community of San Diego's size."

Replying on April 15, Gen Leonidas Gavalas, commanding officer of the Army Recruiting Command, said, "an analysis and study of personnel procure-

PIZZA — Mrs. Fred Weber ,left, and Miss Debbie Robinson watch six of Mrs. Weber's foster children, while Sam Pernicano serves a pizza "with everything".

Awards Readied For Eight L.G. Foster Families

Eight Lemon Grove foster families will be honored May 15 at the sixth Annual Foster Parents Appreciation Day .

The eight will be among 127 families from the county who have been in the foster care program — some as long as 30 years.

The program will be held at the Campus Laboratory School Auditorium at San Diego State College from 2 to 4 p.m.

Certificates will be awarded for 5, 10, 15, 20 and 30 years of service in the program.

Mrs. Fred Weber, of 1750 Elroy Dr., Lemon Grove will be the recipient of a 15 year award.

Mrs. Weber, who at present has six foster children, has been "mother" to more than forty children during the 15 years the family has been licensed by the Department of Public Welfare to care for foster children.

Last week, when it was learned that the Weber family would be honored May 15, Sam Pernicano, Lemon Grove restaurateur, invited the family to be guests at a Mother's Day feast at his Italian restaurant (pictured above).

What could make a motherless Mother's Day event more nearly perfect for these youngsters? Pizzas, of course. And the youngsters put away a record number.

"It did my heart good to see them eat so many," Sam said. "They're fine children who respond to a little affection — and pizzas," he added.

At the May 15 ceremony, in addition to the Webers, there'll be the following Lemon Grove families:

Five year awards: Mr. and Mrs. Frank Conwell, 8160 Palm St.; Mr. and Mrs. Milton Franklin, 2820 Drew Ln., Mr. and Mrs. Steve Marquez, 2034 Dayton Dr.; Mr. and Mrs. Donald Perkins, 1301-69th St.; Mr. and Mrs. Frank Pierce, 1631 Watwood Rd. and Mr. and Mrs. Jos. Reagan, 8173 Baldwin Rd. Ten year award: Mr. and Mrs. Robert Hughes, 1751 Colfax Dr.

Being a foster parent is more than supplying food and shelter. Love, concern, and ingenuity are part and parcel of it, too.

Here is a report of the Foster Home Licensing Section regarding one segment of Mrs. Weber's activities:

"One of the unusually effective methods Mrs. Weber uses in dealing with children is to allot time during the day that is 'special' for each child. One new foster child was a four-year-old very active little boy who turned on the water faucets in another foster home, flooding the yard. Mrs. Weber gave him water and his own place in the yard to play in it. Since he could not settle down for a nap, the time when the other children were napping was his 'special time' when he could play happily in a tub of warm water, and chat with Mrs. Weber.

"Other children have pets that they care for, a small plot of land to plant seeds in, or a toy that is their's alone. This sense of being special is so often lacking in children who have to leave their own homes, that Mrs. Weber's ability to transmit this to foster children is considered very valuable."

Eight Families

So, it will be a very special day for eight Lemon Grove families May 15 when the "parents" step forward to be rewarded for performing a labor of love.

The special recognition day for Foster Parents is being sponsored by the staff of the Department of Public Welfare assisted by the Foster Care Committee of the Community Welfare Council.

Homer Detrich, Director of the Department of Public Welfare, will present the awards. W. Lee Porterfield, Chief, District Operations Division, Department of Public Welfare, will emcee the program.

Entertainment will be provided by the Madrigal Singers from Clairemont High School, Richard L. Cowart, director.

Refreshments will be served following presentation of awards.

Is the Loyalty Oath Doomed?

They're watering down the loyalty oath some more.

Recently, the State of Arizona, in a Supreme Court decision, labeled the oath unconstitutional for the benefit of some educators who complained.

At one time governmental jobs simply weren't available unless the applicant could disclaim loyalty to other political philosophy or some other government—if the jobs were being paid out of taxpayers' money.

Various municipalities and states have either rescinded the loyalty requirement or made it so meaningless that it has lost its usefulness.

One watering-down device was the 'time-limit' control. This has cropped up, of all places, in the Medicare insurance application form. Applicants are required to state whether he is now or during the last "12 months" has been a member of any organization which is required to register under the Internal Security Act of 1950 as a Communist Action organization, a Communist-front organization, or a Communist-infiltrated organization."

This is the same as having no loyalty requirement at all.

Even so, the American Civil Liberties Union is mounting a battle to have this weak control lifted.

The ACLU of Southern California asserts "the statute is arbitrary because it allows government to investigate the political associations of an estimated two million persons who are not already covered by social security, railroad retirement or other civil service programs, and to deny benefits to those of this group who have been or are associated with the proscribed organizations; while an estimated seventeen million senior citizens already covered are not required to submit to this scrutiny.

They argue further that the statute is unconstitional because it conditions hospital insurance coverage on the applicants willingness to give up his right to freedom of speech and association and the government cannot show a "clear and present danger" which would justify this infringement on civil liberties.

It may be that we are old-fashioned because we associate loyalty with patriotism. Liberals tell us that the Constitution guarantees the right of dissent and that they patriotically defend the Constitution by upholding the rights of those who do not want to take the oath.

Hogwash!

The oath-taker is guaranteeing his loyalty to a country which is built on a system of freedoms.

His Country!

His country guarantees the perpetuation of the Constitution and its Bill of Rights and the viability of this system of freedoms.

More simply, a loyalty oath permits both the chicken and the egg to exist. Without one there could not be the other.

What's more, people want to be patriotic but they are noised out by small loud-mouthed groups which would take away the gift of freedom to benefit the causes they sponsor.

For Better Men in Office

Last month we revealed that San Diego Attorney Stephen S. Gillis, who is a candidate for the office of District Attorney, of all offices, had a police record.

We published this, and other facts about Mr. Gillis, because we believe voters have a right to know all about people who run for office.

During our research we learned that anyone may run for any office he chooses — regardless of ability, integrity or past performances. He need only to qualify as to citizenry, proper petition, and pay the fee. The latter varies with the level of office.

The only control exercised on the candidate is that he must be a registered voter.

That means that he must never have served time on a felony charge. If he does he loses his right to vote and can never regain it.

It would seem that lawmakers, desiring to have fellow lawmakers of the highest possible calibre, would rewrite the election code so that candidates would have to list for the public records at least as much information as is required of a girl applying for a job at a dime store.

Such questions as: Have you ever been arrested? if yes, what were the charges? Have you ever filed bankruptcy? How many times have you been married? How many traffic citations have you had during the past two years? Were any for drunk driving?

The candidate might even be asked to write in a figure equal to his total financial obligations.

These are not offered to suggest that any specific candidate

NEW CITIZEN — A plaque in the shape of the American Eagle, was presented to Mrs. Rex Wells, a newly naturalized citizen, by the L.G. Chamber of Commerce Tuesday. Mrs. Wells, together with her husband, were naturalized Friday. They are natives of Ruslip, Middlesex, England. The Wells established contact between the Lemon Grove and Ruslip chambers during a recent trip back to England. The two communities have become sister cities and the two chambers now exchange reports, pictures and personal messages. The Eagle plaque was given in appreciation of cementing the relations of the two chambers. Wells is a member of the maintenance staff of the Broadway Store in Grossmont Center. Mrs. Wells is a homemaker. Mrs. Wells said the feeling of joy when they took the oath and swore allegiance "is indescribable." "We wish everyone would visit a naturalization proceeding. It would help revive American patriotism," she said.

Broadway Site Chosen For L.G. Post Office

The Post Office Department has approved the Broadway site predicted last month by this newspaper.

It will be built west of the U. S. National Bank building on a vacant lot owned by Westgate California Corp. The firm is a subsidiary of the U. S. National Bank.

The announcement was made by Congressman Lionel Van Deerlin late last week.

Lemon Grove Postmaster Frenchy Faucher said the address would propably be 7936 Broadway. The County Building Department establishes building numbers.

Faucher said the new building could be occupied early next year. Bids will be called in August. A month is allowed for bidding and the Post Office Department will take about a month to decide that the bidding is proper. The contractor will have up to 18 months from October to complete the job "but we hope he'll get the job before the deadline," Faucher said.

The new building will occupy a lot that is 109 feet wide by 305 feet deep. The building will contain 12,000 square feet and will be air conditioned. All new equipment will be installed. The building will match in appearance the existing U. S. National Bank building.

Bob Dryden, manager of the bank said that his firm had indicated an interest in providing elevation drawings without charge to property owners on the north side of Broadway who want to match the new post office and the bank in appearance.

The offer would be for a limited time, it was explained.

The Post Office building will be approximately 104 feet wide and 115 feet deep with a walk-through connecting Broadway and Lester.

There will be parking for 14 vehicles in front and 24 in back, Faucher said.

Local Students On Honor List

More than 2,000 undergraduates at the University of California"s Berkeley campus have made the Honor List, placing them in the top 18 per cent of the undergraduate student body in academic performance, Chancellor Roger W. Heyns has announced.

The list, based on work completed by the end of the fall semester, includes all students who have completed at least one semester at Berkeley and have a grade average of "B" or better for all work undertaken.

Those from this area on the undergraduate honors list at Berkeley are: Donna Dolores Gordon, daughter of Mr. and Mrs. John T. Gordon of 7592 Madison, Lemon Grove and Martin John Koenekamp, son of Mr. and Mrs. Maurice B. Koenekamp of 3883 Carancho, Lemon Grove.

Old-Time Parade Set For L.G.

The L. G. Chamber of Commerce Tuesday unveiled plans for a town-wide promotion in May at the regular meeting of its board of directors.

A 12-unit parade built around a 30-car convoy of San Diego Old Car Association vehicles will roll down Broadway Saturday May 21 starting at 10 a.m. The parade will climax a 3-day sales event by local business firms.

Broadway will be blocked off from Massachusetts to Kempf, Dr. Sam Smith, Chamber president said. Heading the parade will be W. Earl Smart, an attorney who is candidate for the office of Lt. Governor.

Riding in the parade also will be Linda Arthur, Miss Lemon Grove.

The entourage will pause at a reviewing stand to be built on the L. G. Mayfair parking lot where lemon tarts and coffee will be given to passengers of the old time autos. Supervisor Henry Boney will occupy a place of honor on the reviewing stand. Plaques will be awarded to the Old Car Association for participating in the parade.

A Dixieland Band, starring Dr. Sam Smith at the piano, will provide suitable music for the parade as it passes the stand. A short program at the stand will allow for the introduction of several other dignitaries who are yet to accept invitations sent by the Chamber. An important part of the event will be Lemon Grove Old Time Days, sponsored by local merchants. The 3-day sales promotion will be backed by "lucky numbers."

A tabloid newspaper will be circulated to more than 23,000 area families with a number printed on the front page.

If the number matches a number in the store of a participating merchant, a ridiculously low - priced bargain awaits him.

A color television for $75 will be the reward for one matching number.

In all, several hundred numbers will be listed in various stores and most of the numbers will be for free merchandise.

Bob Browne, chamber vice president, in charge of the parade has put out an emergency call for lemons for the event. "We are going to dress our float up with real lemons for the parade and we need all the lemons we can get," he said.

Amateur lemon ranchers who want to donate to the cause of home-town promotions should notify Browne that their lemons are available. He can be contacted at 469-2144.

Placards will be put in the windows of participating merchants later this week. Tickets on a free car will also be distributed at these locations.

Maytag Introduces New Service Here

The homemaker, tired of muddy tracks, unshaven repairmen and unsatisfactory results when she has to call for appliance repair, now has a weapon with which she can strike back — a postpaid card which allows her to rate both the serviceman and his work.

It's part of a new program — Maytag Red Carpet Service — now being offered in this area by Brown's Maytag Home Laundry Center, 3282 Main St., Lemon Grove. Originated by a major home laundry appliance manufacturer, it aids at helping service organizations in supplying promptly the quality appliance service justifiably demanded by consumers.

As its name implies, customers receiving this service will be given the full "Red Carpet" treatment. The firm authorized to handle the program gains through a buildup of greater customer satisfaction and confidence.

In qualifying for the program, Brown's Maytag Home Laundry Center had to meet a set of rigid standards established by the Maytag company's service department. The local firm is required to have adequate facilities and trained personnel, provide service within 24 hours, and have its men properly uniformed and its trucks identified with official Red Carpet decals.

A serviceman making a call wears his official uniform, including red bow tie and official hat, carries a white toolbox bearing Red Carpet insiguias, and has credentials certifying him as a qualified Maytag service specialist. Carrying two Red Carpets, he places one over the appliance and the other on the floor for his toolbox and tools to prevent marring either the appliance or the floor. Before his work is finished, he sprays the appliance with a cleaner and wipes it thoroughly. On leaving, he hands the homemaker an evaluation card which she is asked to fill out and mail.

Maytag considers the new program another step in the direction it has followed in the more than half-century it has manufactured home laundry appliances, during which efficient appliance service has been a guiding principal and major objective.

Enrollment Reaches 63 In WWI Veterans Group

Ernest R. Johnson, Commander of Foothills Barracks, World War I Veterans, announced at the organization's monthly meeting, April 20, that the enrollment of members for 1966 lacks only one of meeting last year's roster of 64.

Commander Johnson said he expects the final tabulation of members for this year will not only equal last year's but will meet the quota of 75 set by the National Headquarters.

Veterans of World War I with an honorable discharge who are interested in renewing association monthly with buddies of that conflict are invited to attend any of the meetings held by the Barracks at 12:30 p.m. on the third Wednesday of each month, in the VFW Hall on Imperial Ave. in Lemon Grove.

A pot-luck lunch is enjoyed with the Ladies of the Auxiliary, followed by a short program and the business meetings of the Barracks and the Auxiliary.

Of special importance at the meeting last week was an announcement by Commander Johnson that he has been informed by National Headquarters of the organization, that it has arranged with a large insurance company to underwrite a group insurance plan for World War I veterans that will help to meet some of the health expenses not covered in the Medi-care program. Details pertaining to this new plan should be available for announcement at the next meeting of the Barracks.

High School Tax To Rise 7 Cents

The Grossmont Union High School District Governing Board, at its meeting Monday, received a tentative preliminary budget report for 1966-67 reflecting total expenditures in the amount of $11,183,096 requiring a 7 cent increase on the present tax rate.

Superintendent Warburton told the Board that this budget provides for no new, forward-looking programs, no major capital outlay projects, and no money for salary increases or adjustments.

The raise in tax rate is necessitated by possible loss of Public Law 874 impact funds, increased enrollment and estimated decreased assessed valuation, increasing costs in certificated and classified salary classifications, decreasing State support, and mandated State programs without State financing.

LG Men's Club To Hear 77th Dist. Candidate

Eleanor Anderson, former mayor of Chula Vista and Republican candidate for the 77th Assembly District, will be the guest speaker Friday at the Lemon Grove Men's Club noon-luncheon at Michael's Restaurant.

She will speak on "South San Diego County — Potential Unlimited."

Men Invited To Walk Off Excess Fat

An invitation to local men to join the Lemon Grove Walking Club was issued this week.

According to Fred L. Pope, originator of the group, men are invited to take a two-hour hike daily Monday through Friday at 5 a.m. The hike starts at 6 a.m. on Saturday and Sunday. There is no breakfast involved—just hiking.

The object is to get rid of excess weight and improve health.

According to Pope, there is no expense connected with the project. Participants show up up at the corner of Pacific and Buena Vista each morning attired in whatever dress they desire, and a sweat shirt and a comfortable pair of shoes. The route is pre-planned and easy.

Waistlines will reduce after a few days of these brisk sessions, Pope said.

Pope is available at 465-8644 after 5 p.m.

Brookside Group Cleans 'Ditches'

The Brookside Mothers Committee has begun work on cleaning up the County flood control ditch on Fairway Drive.

Mrs. Diane Klostermeier, committee president, said early this week that clean-up operations started last Friday and Saturday by a group of volunteers from the committee.

She said beer cans, wine bottles, papers from drive-in restaurants, pop cans, etc. were collected from the ditch. "This substantiates out belief that much of the litter in the ditches is caused by travellers passing through," she said.

Plans call for the ditch to be "cleaned out' by the middle of this month.

Mrs. Klostermeier also said another test for contamination was taken from the ditch after the recent rains and it showed a potential health problem still existing. There was also indication of secal contamination.

NEWCOMER — Red Harris (right), new owner of Western Auto Store, is greeted by CofC president Dr. Sam Smith while neighbor Len Furness looks on.

Western Auto Store Bought By Former CdO Businessman

Fred "Red' Harris, a former Casa de Oro hardware store operator, has purchased the Western Auto Store at 7771 Broadway, Lemon Grove, for an undisclosed amount, it was announced this week.

Harris, who is noted for his retail promotional activities, is expected to spark business improvement generally in the business quadrant he occupies.

"The first thing we are doing is increasing the inventory. We want to convince local shoppers that they need not go out of the community to get what they need,' Harris said.

There will be many improvements made in the appearance of the store, he said. His wife, Clara, will work in the store part time.

The Harrises live at 2503 Mulder. He operated a Flying A service station at 30th and El Cajon Blvd. before operating the Casa de Oro store for 16 months.

On Sundays, Harris often assists the pastor at the Lemon Grove Methodist church where he and his family are members.

He was greeted Monday by officers of the L. G. Chamber of Commerce — the first day of his ownership of the new store.

Prep Baseball Ends Friday With Miguel-Monarch Game

Mount Miguel and Monte Vista will put an end to a long prep baseball season Friday when the two Grossmont League clubs meet at 3 p.m. on the Matador diamond.

Monte Vista dropped the first encounter to the Matadors, 10-3, but should fare better this time around. The Monarch have enjoyed a resurgence of late, including a 7-1 win over Santana Tuesday.

Miguel was beaten by El Cajon, 10-8, also Tuesday.

The Monarchs utilized the three-hit pitching of senior Bob Forrester to quell the bats of the hard-hitting Sultans.

Santana, the league's newest entry, has proven it can hit with the best of them but has suffered with a weak defense and pitching staff.

Monte Vista jumped all over Santana's Brien Bickerton in the first three innings. Bickerton's pitching was tagged for two runs in the first, three in the second and two in the third as the Monarchs roared off to a 7-1 lead after three innings.

That score ended up as the game's final as both Forrester and Bickerson threw blanks the rest of the way.

Mount Miguel used three pitchers in an attempt to stop El Cajon but the Braves kept on slugging away at a four-run lead, finally breaking the locals' back in th seventh with three runs.

El Cajon shot off to a 2-0 lead in the top of the first. Miguel scored once in the last half of the same inning.

The Braves made it 4-1 in the top of the third but that lead was short lived as Miguel exploded for six runs in the bottom of the third.

Another run in the fourth put the Matadors ahead 8-4. El Cajon tied it in the sixth with four runs and won it in the final frame with three.

Griffs Host PSC Action

Grossmont College will host two Pacific Southwest Conference post-season tournaments this weekend.

In track, members of each conference team that qualified for the finals in Tuesday's preliminaries, will contest each other Saturday for league titles and the right to move on to the Southern California semi-finals next week.

The javelin event will start things off Saturday at 2 p.m. with other field events to follow at 2:30 p.m. and track events at 3 p.m.

The second annual PSC tennis tournament, which began today on the El Cajon campus, will continue through tomorrow and Saturday.

Starting times Friday and Saturday will be at 1 p.m. on the Griffin courts.

Semi-finalists in Class A brackets will move on to the Southern California Finals.

In action last weekend Grossmont smashed Imperial Valley, 10-0, and 7-0, to tie Southwestern College for second place in the final PSC baseball standings.

Former Mount Miguel High star Frank Hastings, a sophomore hurler, limited the visiting Arabs to four hits and struck out 14 while issuing only two walks.

The twinbill victories enabled the Griffs to finish the season at 19-14, their best record in coach Noel Mickelsen's four-year history.

'Good News' To Be Presented

The Mount Miguel High Drama Department will present "Good News", a musical about a young football player who can't make the big game because of low grades, Friday and Saturday evenings at 8.30 in the school gym.

Admission to the play is $1 for adults and $.75 for students.

Matadors Meet Monte Vista

Monte Vista and Mount Miguel Highs close out the regular 1966 Grossmont League track season Friday when the two rivals meet at 3 p.m. on the Monte Vista Monarch track.

The meet will end dual meet competition for the year. Grossmont League preliminaries get under way Tuesday at Grossmont College at 1 p.m. with the loop finals Friday at the same site, beginning at 2:30 p.m.

The Matador-Monarch clash shapes up as one with the Matadors in the favorites role.

Monte Vista has far superior strength in the distances and several strong points in the field events, but cannot match the Matadors overall talent.

Coach Bob Larsen will send out runners Bruce Masse, Don Olsen, Danny Ungricht, Dave Matheny, Rodney Stevens, Chuck Camp and Marc Clark as his strongest contingent.

The Monarch headman can also count on weightman Rick Geer and versatile Jerry Nierengarten, a hurdler-long jumper, to collect points.

Coach Dick Tomlinson of the Matadors will have sprinters Tony Leone and Frank Gilbert, hurdler Basil Machado, field events specialist Pat Ela and high jumper Bill Brown whom he can count on for first places.

In last week's results Monte Vista smashed Santana, 101-28, and Mount Miguel administered an 82-49 whipping to El Cajon.

Geer set a new school record in the discus with a toss of 162.8½. He now holds the second best mark in the county for that event.

The Monarch senior should receive plenty of competition from Matador Dennis Freeman, who threw the iron disc 158-2¾ to establish a new Miguel mark.

Phil Luque set a new school record for the second meet in a row by running the 180-yeard low hurdles in .20.6. He ran :20.7 two meets ago for a new standard.

Derbies Highlight Racing At Caliente Racetrack

Traditions of the Blue Grass country in the spring time will prevail at Caliente Saturday when, in an atmosphere reminiscent of that at Churchill Downs, the track hosts its annual "Biggest Kentucky Derby West of Louisville."

There'll be a 15-race program commencing at 11 a.m., topped by the 12th modern running of the $7500 added Caliente Derby.

As in past years, Caliente is dressed up with a huge facade built across the entrance to simulate historic Churchill Downs with its twin steeples. Grand stand patrons will pass through it to enter the track.

During the day an anticipated turnout of 20,000 or more fans will sip mint julips from official Kentucky Derby souvenir glasses which they'll retain as mementoes, and there"ll be pari-mutuel wagering on the three-year-old Louisville classic at full track odds.

When post time for the Derby approaches, Caliente will suspend its regular racing so the crowd can watch the "Run for the Roses" on batteries of strategically located television sets. There also will be a description of it over the public address system.

The current edition of the Caliente Derby has several strong contenders from the distaff side, and chief among them so far as the home forces are concerned is Alpens Mate, who capped her prep campaign by winning a mile and 70 yard test last Saturday.

Joining her in an attempt to turn back the colts will be Mi Belle, Lady Esther, Extra Measure and Mikhaless. The latter has shipped in from California along with a pair of colts, Bye Budde and Old Badger. All got their starts south of the border.

Completing the list of nominees are Mac-Track, Pink Snip, Another Color, Mortgage Broker, Electro Khal and Nilo Boy.

Today our world-famous San Diego Zoo uses more than 2 billion gallons a year. And like the water consumed nearly everywhere else in San Diego County, 90% of the Zoo's water is brought in 300 miles from the Colorado River. The Zoo needed only a half-billion gallons of water ten years ago when it was smaller, but like the rest of the county, it's been growing. And keeping water available where and as it is needed is the job of the San Diego County Water Authority. For the last twenty years, through long range planning, careful coordination and visionary voting by county residents, San Diego County Water Authority has met all of our advancing water requirements at the lowest possible cost.

Examining Center

ment and processing in the Los Angeles area, scheduled in May, will be expanded to include inquiry in depth into the feasibility of establishing an Examining Station in San Diego."

Here is Woodard's letter to Van Deerlin.

Letter dated March 3, 1966 from William J. Woodard, 1786 Colfax Dr., Lemon Grove, to Congressman Lionel Van Deerlin.

You've heard and agreed with the slogan, "Try San Diego First — Keep Business in San Diego." You must be aware that our Selective Service Board sends all our armed forces' recruits to Los Angeles for processing. Thursday, Feb. 24, my son was sent in one of eleven buses which left this area for Los Angeles. He is the second generation in my family to do so. After 20 years we are still sending our men to Los Angeles for examinations and induction in the armed forces. Is this keeping the business in San Diego?

Population wise, surely this part of the state is large enough to warrant its own facilities. The facilities in Los Angeles are equipped to handle 300 but they are processing 1,000 per day. Not only is it expensive and unfair that our people go to Los Angeles, but they are not prepared to handle such large groups. Besides San Diego proper we have many surrounding suburbs swelling the census to a most impressive figure.

Because the group my son was in was not processed completely on the Thursday they arrived in Los Angeles, they had to be held over. This necessitated billeting at government expense overnight. You can visualize the economic gain to Los Angeles through this procedure and loss to San Diego.

San Diego has the largest military installations in the United States: Camp Pendleton, Marine Recruit Depot and Naval Training Center, Balboa Park Hospital (largest in the world) — all of which you are acquainted with. A big shifting of population and money. It could and should be kept here.

I have long admired your many achievements and feel you are the man to do something constructive about this unjust situation.

G. Harlan Dye

E. H. Dye To Try For School Post

G. Harlan Dye, a Lemon Grove land surveyor, this week announced his candidacy for a trustee's post on the proposed new unified school district board.

Dye, who has an office at 3564 Grove St. in Lemon Grove, lives at 4347 Avon Dr. in La Mesa. He will run as a candidate from the La Mesa-Spring Valley District.

He said his decision to run resulted from continuing disagreements among board members of the present La Mesa-Spring Valley school district. "I intend to supply the happy medium as a welcome relief from the right and left factions," he said.

Dye said he would see that more attention was given to economy in the cost of providing school facilities and that economies would be instituted by giving business-type jobs to businessmen instead of school teachers. Some administrative job salaries would be cut; others raised, he said.

"The teacher corps is good. I propose to keep them just as they are."

Dye is past president of the Lemon Grove Rotary Club, a member of St. Martin's church in La Mesa, the parent of six children, two at San Diego State, one at Helix and three in parochial schools. His daughter is majoring in education at State and plans to become a teacher.

Pro-Unification Talks Scheduled

Meetings are being organized to permit the public to hear Dr. Vern Odmark, a trustee in the Santee District who is running for a post on the unified board. He will discuss Unification Tuesday evening at the home of Mary Esther Ray, 7931 Hardy Dr., Lemon Grove.

Dr. Odmark, a proponent of total unification, told a group Saturday that there was no prospects for repealing the Unification Law. He read a letter from Assemblyman Richard Donovan in which Donovan said,"

There is no chance of the Unification Law, AB 145, of 1964, being repealed, and there never will be so long as Jesse Unruh is Speaker of the Assembly. This appears to be a certainty for at least several years to come. There is no present action being taken in the legislature to repeal this law as we recognize the political probabilities are absolutely nil."

Meetings may be arranged by contacting Perry Shipman, committee chairman.

Special Event Set By SV Girl Scouts

Spring Valley Girl Scouts and their families are having their annual Court of Recognition and Dime-a-Dip Dinner Wednesday at the Chamber of Commerce Hall in Spring Valley.

Decorations for the tables are being made by all the troops. There will be displays of items the troops have made in the past year.

The Invocation will be sung by the Fly-up Brownies.

The program will be varried with each troop's creative act, which will consist of skits, songs, demonstrations, etc.

The Mounted and Trailblazer Patrols of the Senior troop 447 will be the hostesses and will model their various uniforms. Mrs. Carroll Bowman is the chairman of the event.

Candy Sale Held By Girl's League

The Grossmont Continuation High School Girls' League is having its third annual candy sale from May 1 to May 31. Seeley's peanut-brittle and coconut brittle are being sold by thirty-five members. Candy sells for $1 per box.

Proceeds will be placed in the Scholarship Fund; students qualify for a $50 scholarship by completing one semester of vocational or college training. The award is used to aid girls in furthering educational pursuits.

Cecelia Bishop, chairman of the candy project, said that anyone not contacted may place an order by calling 465-5021. The Grossmont Continuation High School Girls' League will receive full credit for telephone orders.

Checks Stolen -

had been recovered although at leats three checks had been cashed at San Diego supermarkets.

Police are holding a goateed, ear-ring-wearing transient from Brunt, Texas, and his female companion pending charges.

CLEANER BURGLARIZED

In another Lemon Grove burglary, $685 worth of office equipment was stolen from Dutch Cleaners at 7870 Broadway. A McCasky cash register and an adding machine comprised the loot. Burglars entered the building by unlocking a rear door Friday morning. They left two cash boxes untouched.

BURGLARS TAKE TOOLS

In a third burglary, a 2-ton floor jack and an electric battery charger were taken from the premises of Jollett Motors last week. The used-car sales lot, at 7644 Broadway, was burglarized Thursday evening or Friday morning with the equipment being taken from a building at the rear of the lot. Each piece of equipment was valued at $150, making the loss $300, H. Jollett reported.

WALKER ARRESTED

Everett Lawrence Shain, 35, an unemployed welfare recipient of 539 Parkbrook in Spring Valley, was arrested by Sheriff's Deputy T. Carroll Saturday night after officers charged he was staggering along Skyline Dr. near Lincoln St. He was booked in County Jail.

CARS LOOTED

A transmission from a '57 model Chev. was stolen from a car at his home, Lt. Cmdr. Joseph Pestcoe told police last week. The transmission is valued at $150.

Two transmissions and five radiators were looted from the Spring Valley Auto Wreckers facility at 401 Sweetwater Rd. Sunday morning, according to Mrs. Marie Kracht a member of the firm. She said the loss was valued at $290.

PAY MISSING

Patricia Ann White, 18, a waitress of 9017 Kenwood Dr., Spring Valley, tossed her purse on her divan and laid her coat over it when she came from work at 4 a.m. Sunday.

When she arose at 11 a.m. her purse was there but $101 was missing. She said she had stopped nowhere except home after leaving work. She came home by taxi, she said.

WIG STOLEN

Kay L: Sailors, 35, a secretary of 1924 Main St., Lemon Grove, told police Friday that a wig, valued at more than $100, had been stolen from her home.

The wig, medium length, platinum silver, page boy fluff style, was taken from her closet where she had stored it against the time it was to be presented as a gift to a friend.

A suspect was named.

KNIFE USERS SOUGHT

Vandals cut the canvas top Thursday night of the convertible belonging to Jack Donahue. Donohue, employed by the Lemon Grove Bowlero, said the loss would amount to about $50. The damage was done to his 1964 Chev. between 5 p.m. and 2 a.m. Police are tracking suspects.

HOME LOOTED

Josephine Rhodes, 55, a home maker at 2142 Glencoe Dr., Lemon Grove, told sheriff's men that someone had entered her home last week and removed a bathroom scales, a hurricane lamp, and a 8-day clock. The loss amounted to $65, she said.

THIEF SURPRISED

Alton H. Coyle of 8177 Palm, Lemon Grove, reported two hubcaps stolen from his car two weeks ago.

Last Friday at 11 p.m. Coyle heard his dog barking and went out to investigate, apparently surprising a hubcap-thief as he found one hubcap missing and one on his lawn, evidently dropped by the suspect.

BEER DRINKER BOOKED

James Donald Cook, 39, an engineer of 8139 Dorchester St., Spring Valley, was arrested Sunday morning by sheriff deputies after he was observed driving erratically near Jamacha and Osage streets in Spring Valley.

He told arresting officers that he had only 10 or 12 beers. They pursued him more than a block with lights and siren before he stopped. Part of the time he was on the wrong side of the center stripe, they reported.

Arresting officers reported that he parked his car about 6 feet from the curb at a 45 degrees angle when he stopped. He was booked in County Jail.

GARAGE LOOTED

Tools and a radio valued at $85 were taken from the garage of Arthur John Conta, 2350 Golden Ave., Lemon Grove, police were told Saturday. The items were taken from his garage.

WINDOWS BROKEN

Rocks lobbed through windows of an unoccupied house at 9815 Ivanhoe St., Spring Valley, caused a $100 loss to a real estate firm. The firm was getting the house ready for selling. A sliding door was also broken.

Group Forms To Fight Total Unification

A committee to oppose the unification of all schools within the Grossmont High School District boundries named Bert Mendenhall, a telephone firm engineer, of Lakeside as temporary chairman.

The committee, the Grossmont Citizens For Quality Education, was organized Wednesday night, April 28, at the Pepper Drive Elementary School in Santee. A full slate of officers will be elected at the meeting scheduled this week.

The group cited several reasons for opposing the one district plan:

1. The State Board of Education has mandated an election upon the citizens of the Grossmont area in which they have no choice in the kind of unification they consider best suited to the area. Instead they have offered the voters either a district along the High School boundries or Status Quo. The committee endorses Status Quo in this mandated election in order to gain the necessary time to allow the State Legislature a chance to amend the unification law, AB 145. The election will be June 14.

2. Optimum size for unified school districts is recognized by educators to be 25,000 students. Beyond this size the costs of administration and operation begin to be uneconomical. Also districts of 50,000 and over tend to let the quality of education to stagnate and decline. Under the one district plan, a distrist of over 50,000 students will be immediately imposed upon the children of the Grossmont area. The quality education presently offered our children will almost inevitably suffer.

3. The trend toward larger and larger school districts within California removes the schools from the tradition of local control by the people, through their elected local school board.

Local citizens who are interested in taking part in Committee work may contact chairmen Mrs. Rita Russell in the Lemon Grove District and Mrs. Gloria Precourt in the La Mesa-Spring Valley District.

GJC Students To Vote On $110,000 Stadium

Grossmont College students will go to the polls on May 10 and 11 to vote on a proposal for financing and constructing a $110,000 stadium on their Fletcher Hills campus.

The cost of the proposed stadium, built entirely with student funds without resorting to public subscriptions, would be spread over a ten-year period.

The proposed stadium would be a 4,000 seat arena located in the natural bowl, surrounding the present track and football practice field. Under the proposal to be voted on, concrete bleachers and lighting would be included, with provisions for ticket booths, fencing, storage, restrooms, and concessions stands to be financed and installed at a later date.

After approval by the Grossmont College student body the stadium plan will be submitted to the Governing Board of the Grossmont Junior College District for their consideration and approval.

The students propose to finance the stadium through pledging the rental now paid for other athletic fields, a portion of future student bookstore profits plus the present bookstore inventory, an agreement with the Grossmont Union High School District for rental of the stadium to district high schools, and future gate receipts.

Business Women To View Republican Candidates

The Centre City Republican Business and Professional Women of San Diego have announced a dinner meeting to be held Wednesday, May 11, in the Sunset Room of the Town and Country Hotel in Mission Valley, with appearances by Republican candidates for the state assembly and senate. A total of 20 Republican candidates have filed for the posts, and to date, 14 have accepted the invitation to speak.

Due to the number of speakers there will be no debating, however, each candidate will state his platform with a question and answer period to follow. All interested citizens are urged to attend what should prove to be one of the most constructive and informative campaign highlights.

Those slated to appear are. Hale Ashcraft, 38th Senatorial Dist.; Jack Schrade, 39th Senatorial Dist.; Rodney Smith, 40th Senatorial Dist.; Peter Wilson, John Rose, and Don D'Agostino, 76th Assembly; Paul Sutherland, 77th Assembly; E. Richard Barnes, 78th Assembly; David Glenn Reader and Larry Springer, 79th Assembly; Frank Seeley, Erwin Sklar, and John Stull, 80th Assembly; and Sam Vener who has filed in the 37th Congressional District.

Dinner is set for 7 p.m., preceded by no-host cocktails at 6 p.m. There is a $4 charge for the dinner. Reservations should be made soon to assure seating. Call Mrs. Nine Marston, 463-6609 or Miss Rita Young, 583-8437.

Reagan in L.M. Friday

Ronald Reagan, candidate for governor, will be in this area Friday.

He will attend the opening of his new headquarters at 4751 Spring St. in La Mesa at 4:30 p.m.

His headquarters will open at 3 p.m. a spokesman said. Reagan will speak for less than 5 minutes, he said.

An attempt to get Reagan to come to Lemon Grove and Spring Valley was unsuccessful.

"His schedule is too tight," the spokesman said.

RONALD REAGAN

Ronald Reagan will make a major campaign speech in San Diego at California Western University tonight at 8 in the Golden Gym. The event at Cal Western is free and open to the public.

Lakeside GOPs Honor Three

The Lakeside Republican Assembly presented a certificate of appreciation to Captain Frederic W. Hawes, USN (Ret.), "For steadfast adherence to high principles and outstanding devotion to the United States of America."

John A. Rose was given the unanimous endorsement of the large Lakeside group for Assemblyman from the 76th District.

Hale Ashcraft was unanimously endorsed for Senator from the new 38th Senatorial District. Ashcraft has already received a similar endorsement from the North County Republican Assembly.

New Equipment To Be Seen At Navy-Marine Open House

Weapons, equipment and tactics employed against the Viet Cong by U. S. Navy and Marine elements will highlight the 1966 Armed Forces Day Open House scheduled for Saturday, May 21, at the Naval Amphibious Base, Coronado.

Several types of new assault and river patrol craft will be on general display to the public for the first time.

The Amphibious Base will be open to visitors from 9 a.m. to 5 p.m.

Many of the demonstrations featured in previous Armed Forces Days will be repeated this year. These include Underwater Demolition Team frogmen blasting through beach obstacles; "Seal" Team men dropping from aircraft; Skydiving by Navy assault parachutists; and precision heavy equipment operation by amphibious Seabees.

Large amphibious craft will operate a continuous harbor shuttle service to the Amphibious Base from the San Diego Naval Station. Other landing craft will take visitors on tours of San Diego harbor for close-up views of moored warships.

Because of stepped-up training commitments there will not be the usual amphibious assault demonstration by Marines on the base practice beaches.

Visitors will, however, get to watch an amphibious operation—in miniature. The base's Amphibious Assault Demonstrator, using ship, aircraft and landing craft models will show how a typical combat landing is made.

A "midway" along the base's main street will have displays of Navy and Marine combat equipment. There will also be booths showing captured Viet Cong weapons, booby traps and other equipment.

New films of amphibious operations and combat in Vietnam will be included in continuous motion-picture showings at the base theatre.

LG-SV Homes Receive Water In 72 Hours

(Editor's Note: This is the fourth in a series of articles on the San Diego County Water Authority — its operation, history, relationship to water districts and the California Water Plan.)

The water that pours from a household faucet in San Diego County has traveled many miles and been processed by many agencies on its 300-mile trip from the Colorado River.

If you were to follow a single drop, here's how the trip would go:

The water of the Colorado River is first stored at Parker Dam, a federal agency operated by the U.S. Bureau of Reclamation.

Then it is pumped across the California desert through an east-west aqueduct owned by the Metropolitan Water District of Southern California, in which the San Diego County Water Authority is a constituent agency or "shareholder."

Near San Jacinto, 30 miles north of the San Diego County line, it flows into a north-south aqueduct serving the San Diego County Water Authority.

The various County Water Authority agencies — from the Rainbow Municipal Water District on the north to the Otay Municipal Water District on the south — then obtain their supplies from the San Diego aqueduct.

And, finally, the water flows into individual homes throughout San Diego County.

How long does the process take? Linden R. Burzell, County Water Authority chief engineer, explains that of course no water flows directly from the Colorado River to an individual home. It is stored and purified at several points along the line before the local distribution agency delivers it to the consumer.

But if the flow of water were measured directly, it would be 72 hours from the time one particular drop of water started at Parker Dam and arrived in the Lemon Grove-Spring Valley area, Burzell said.

Politics In Brief

SOCIAL SECURITY

SACRAMENTO — Gov. Edmund G. Brown faces the threat of a new "Gray-Haired Revolt" in a dispute over $13 million a year in Federal Social Security increases now being withheld from 172,000 California Old Age pensioners.

Myrtle Williams, chairman of the California League of Senior Citizens, informed the governor in a letter that members of the League are growing restless over Governor Brown's failure to add the Social Security to the call of the current special session of the Legislature.

Brown faced opposition from the oldsters in 1960, when George McLain, founder of the California League, ran against the governor for leadership of the California delegation to the Democratic National convention. McLain drew 700,000 votes, and established California's senior citizens as a potent political bloc.

Mrs. Williams said Congress intended that the 7 per cent Social Security increase should be passed on to the elderly recipients. She noted that a special amendment to the Social Security Act specified that the states could do so without deducting a like amount from the State pensions.

JESSE UNRUH

Assembly Speaker Jesse M. Unruh said today data provided by the Legislative Analyst support his suggestion that the State would need no new construction bond issue in the coming year if accrual of the State income taxes is adopted.

In his report to the Speaker, A. Alan Post, the Legislative Analyst, concluded that of the proposed $295 million bond issue now before the Legislature the actual cash needed in 1966-67 would amount to $62 million and that this could be met by short term borrowing from available sources.
